

Lock with magnetic movement latch

Bolt made in sintered steel

## SICUREZZA XT

Mortice lock with magnetic latch for flush doors

concealed magnetic latch

extremely silent

non-handed lock

adjustable non-handed striker

same milling as Sicurezza 2.0 and Opera SL

tested one by one

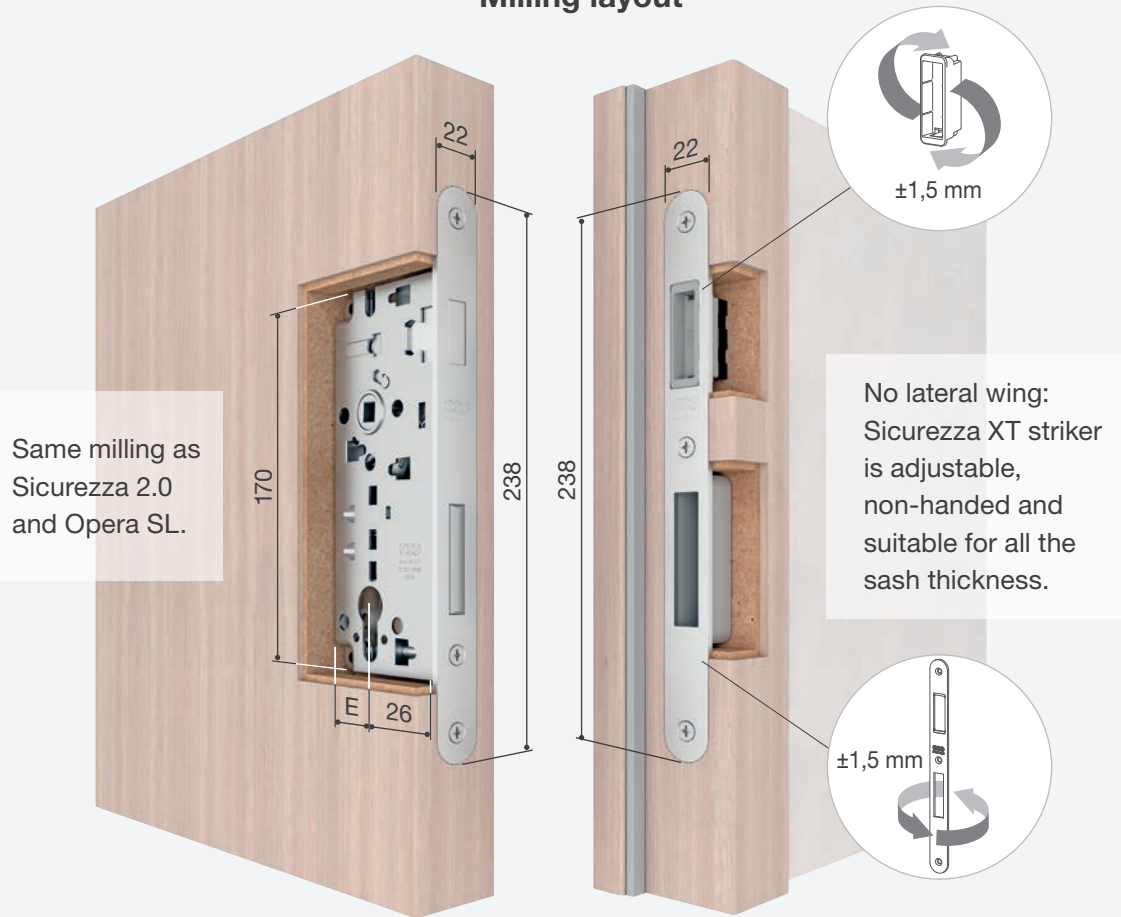

MADE IN ITALY

Sicurezza XT is our magnetic movement lock. It takes from Sicurezza 2.0 the amazing smooth functioning, the precision of mechanical movements with noiseless closing. The magnetic, symmetric latch is no-handed (no need for spring latch inversion).

Centre		85 mm
Forend		22 mm
		22 mm
Backset (E)		45/50/60/70 mm
Hub		8 mm
Material: steel, stainless steel		

## Milling layout

Same milling as Sicurezza 2.0 and Opera SL.

No lateral wing: Sicurezza XT striker is adjustable, non-handed and suitable for all the sash thickness.
