HARDWARE FOR WINDOWS

AR*Tech* plana

Artech Plana is a concealed tilt&turn hardware system for flush sash windows, designed in Italy by AGB.

Artech Plana delivers beautifully understated design and excellent anti-burglar security.

MADE IN ITALY

DESIGN

INTENSIFIES THE BEAUTY OF THE WINDOW

Artech means DESIGN.

Artech is the window solution for modern and contemporary architecture needs.

The hardware system offers wide glazing sashes, minimal lines and great attention to detail.

Artech intensifies the beauty of the window and provides a new concept in design.

MINIMAL

WELL-DETAILED COMPONENTS

Plana concealed hinge

150 kg load capacity to support wide balcony doors. Providing high performance insulation and anti-burglary security. Plana seamlessly complements minimalist flush sash window design.

Minimalist styling open and closed

When the sash is open, the design of espagnolette is elegant and minimalist. With the innovative hooking system the handle disappears behind the rod.

Strikers with concealed screws

A cleverly designed cover hides the screw top to transform the window design.

A key feature of Artech is the anti-burglary security. The system allows a certification in class RC1 with standard components.

Beautiful and safe.

Cam strikers

Tilt striker

DSS striker

Flush sash

Artech Plana achieves flush sash windows with a minimum gap between the sash and frame.

Creating the perfect solution for flush sash windows and wooden panelling.

DID YOU KNOW THAT...

A 150 Kg HARDWARE SYSTEM IMPROVES THE WELL-BEING AT HOME?

capacity

=

Larger glass area

+

Heavy glass units

LARGER GLASS AREA

More sun light
